

DDA 87-1462  
16 July 1987

NOTE FOR: Counselor to the DCI

John:

1. Attached is a copy of the current report about the present Career Trainee class. It was sent in to the Judge in June. You may find it of interest.

2. The first four pages of this report basically describe the class. The next section, in color, describes the programs the CTs will go through depending upon their career track. The word "interim", wherever it occurs in this section, indicates that the CT is participating in on-the-job training during the indicated period. For example, a DI interim means the employee is involved in on-the-job training in the Directorate of Intelligence.

3. When you scan the biographic section of this report, the sponsorship of each CT is revealed. For example, DO/OPS means that the Directorate of Operations is sponsoring this officer in the field of operations. We aim to recruit annually  who are to become DO operations officers.

4. This document was prepared by the Office of Training and Education of the Directorate of Administration.

/s/ Bill

William F. Donnelly  
Deputy Director  
for  
Administration
